When you enter an event, you will need to sign an 'Amateur Waiver Form', which protects your Amateur status. If an amateur joins the LETAS and then turns professional at any stage during the 2020 season, the Order of Merit points earned in either status will count towards the official LETAS Ranking.

- 7. When is the deadline to join the LET Access Series?**

Membership can be taken out throughout the season. Ranking points for the Order of Merit will only be awarded for the events in which you are a LETAS member. To be eligible for the LET exemptions available and to appear on the LETAS Order of Merit, a member will be required to play in a certain number of events during the 2020 season. The required number of events will be determined once the 2020 schedule is released.
- 8. If I become a member of the LETAS does it guarantee that I will play in every tournament that I enter?**

No, that will depend on the number of spots in the field and who else has entered the tournament. Spots in a tournament field will be allocated in exemption category order and position within that exemption category. Players who join LETAS and have competed at the 2020 LET Qualifying School will receive an exemption category according to their finishing position. Any member who has entered the tournament but does not get into the field will be placed on the reserve list, also in exemption category position and order. Reserves will be notified as soon as possible after the close of entry if they will be in the field due to any withdrawals.
