

Aqua Mark

The new club accreditation scheme by

Scottish Swimming

Scottish Swimming aims to have clubs which are strong, sustainable, and inclusive to help grow our sport. AquaMark is designed to be achievable for any club size or level.

The accreditation structure allows clubs to tailor AquaMark to fit with their clubs aims and objectives while still ensuring they are always developing the best environment for their members.

The aims of the AquaMark accreditation are to provide a nationally recognised standard that will enable clubs to:

- **Be inclusive, adhere to equality standards and engage with the local community**
- **Develop safe, effective, well governed, welcoming, and friendly environments, based on good practice**
- **Improve the club experience for all members by having an agreed vision and culture**
- **Strive to be a long-term sustainable club focused on developing pathways for all.**

The accreditation process is straightforward with guidance and support resources being made available throughout from your Regional Swimming Development Manager and Scottish Swimming.

There are many benefits open to accredited clubs – for more information contact your Regional Swimming Development Manager.

Benefits of Club Accreditation for your club:

- ✓ Creates safer, quality environments for all
- ✓ Can help raise profile & public confidence
- ✓ Highlights & develops good practice
- ✓ Certificate awarded to the club
