If your club set you up on the system, the club membership secretary will send you a username, and you can login and make sure your details are correct on the system. To access the system, first go to **Login - JustGo**

Then enter the username that your club has given you. An email will automatically be sent to you, asking you to set your password (this email could go to your junk/spam folder). Then you can enter the system and proceed to updating your personal details.

Existing Members – How do I login
- If you know your username and password:
- Go to the login page:- **Login - JustGo**
- In the Member Login section type in your username and password in the appropriate fields and click Login

- If you know your username but not your password?

  - Type your username into the field and click on 'Forgot Password'. An email (check 'Junk' folder) will be sent to the email address held on your member/user record containing a password reset link. Your username is normally your email address or membership number
  - Click the link in the email and you will be able to reset your password

If you don't know your Username?
- You need a username to allow the 'Forgot Password' link to work. If you cannot remember this, please ask your Membership Secretary who will be able to provide it or you can send an email to info@scottishswimming.com requesting this.
- **Please do not register again simply because you cannot remember your username** – Scottish Swimming will let you know this promptly, allowing you to log on
- Note – Scottish Swimming cannot see your password so cannot tell you what your password is, but this can be reset by Scottish Swimming
