## COVID-19 EVENT POLICY

---

Scottish Golf is committed to operating events in the safest way possible and in full compliance with the guidance provided by The Scottish Government and sportscotland at the time.

As the situation with the COVID-19 pandemic remains fluid and uncertain, arrangements may be subject to change at short notice and therefore event confirmation will be on the following basis:

**National Open Events:** Decision will be made at the closing date.

**National Closed Events:** Decision will be made 2 weeks before the practice day.

**National Club Events:** Decision will be made 1 week before the event start date.

While we will endeavour to reschedule any postponed events, due to the extreme pressure on tee sheets, lack of alternative dates, potential travel restrictions and self-isolation periods this may not always be possible.

Should any event be cancelled, all entrants will receive confirmation by email and entry fees will be automatically refunded onto payment cards.

We would suggest competitors ensure any travel or accommodation bookings are fully flexible, refundable, and not made until fields are final.

Thank you for your patience during these highly uncertain times.
